Rural Services Block Grant Application Check List (Not Required Form – For Applicant’s Benefit Only)

Arkansas Economic Development Commission, Division of Rural Services and the Arkansas Rural Development Commission

The Arkansas Economic Development Commission (AEDC), Division of Rural Services (DRS), is charged with assisting rural communities with a population of 20,000 and under. Established under Act 302 of 1991, and merged with the Arkansas Economic Development Commission under Act 8 of the 2015 First Extraordinary Session, DRS assists local agencies in rural areas with information and technical assistance. Currently, more than 80% of Arkansans live in rural areas.

The Arkansas Rural Development Commission (ARDC) is a group of citizens from rural Arkansas responsible for overseeing the programs of DRS. Seven of its members are appointed by the Governor, two are appointed by the Senate President Pro-Tem, and two are appointed by the Speaker of the House. Commissioners serve multiple-year terms and meet throughout the year to discuss rural issues that affect Arkansans.

The mission of these two groups is to *"Enhance the quality of life in rural Arkansas."*

One focus of the Division of Rural Services is to be a source of information for rural citizens and provide support services to rural communities. DRS publishes a quarterly newsletter that covers rural policies and topics. The Division also hosts an annual conference and local forums around the state throughout the course of the year. DRS provides funding for worthwhile projects in rural communities through a variety of grant programs.

Who is Eligible to Apply for Funds from the Rural Services Block Grant Program?

In accordance with the State of Arkansas Five Year Plan for Arkansas Housing, Community and Economic Development Programs the following entities are eligible for funding under the Rural Services Block Grant Program:

- Incorporated and unincorporated cities and towns in Rural Arkansas with less than 3,000 people (verifiable by current US census information)
- Population must be at least 51% low to moderate income (LMI). A complete list of Arkansas community LMI percentages is available on the DRS website at ruralservices.arkansas.gov
- In keeping with our enabling legislation, a rural area is defined for the purpose of this program as "all the territory of the State of Arkansas that is not within the outer boundary of any city or town having a population of 20,000 or more according to the latest federal census or within such a city or town's neighboring urbanized areas.

For forms and instructions about determining LMI Eligibility for your area, see the Income Limits Section at arkansasedc.com/grants.

Are There Other Eligibility Restrictions?

The Rural Services Block Grant Program is funded through the U.S. Department of Housing and Urban Development (HUD) Small Cities Community Development Block Grant Program and administered for the State and our agency by the Arkansas Economic Development Commission Grants Division. Cities not currently a party to one categorical grant and counties that are not currently a party to two categorical grants are eligible to apply under the program. Categorical grants include the Arkansas

Community and Economic Development Program (ACEDP) and the Rural Services Block Grant Program administered by the Arkansas Economic Development Commission. Active grants in other Division of Rural Services and Arkansas Economic Development Commission programs, including economic development grants funded through ACEDP, are not considered in determining eligibility.

Full ACEDP application guidelines are available at ArkansasEDC.com/grants. All projects funded are subject to the ACEDP Administrative Procedures Manual, also available online.

What Types of Projects Are Eligible?

In keeping with the Arkansas Economic Development Commission's Consolidated Plan, applications for Rural Services Block Grant Program grant funds will be accepted for the following type projects (please contact the Rural Services Block Grant Coordinator to ensure that your project is eligible):

- New construction or renovation of community centers or multi-purpose use buildings for the betterment of the community
- New construction or renovation of fire stations
- Purchase of fire trucks, specialized life-saving equipment such as "jaws of life" and protective clothing worn by fire fighters

Note - If the proposed project involves the renovation or rehabilitation of an existing building, you will be required to do the following three things:

- Have an accredited asbestos inspector/management planner conduct a thorough inspection of the building according to the Asbestos Hazard Emergency Response Act (AHERA) guidelines, including sampling and laboratory analysis. Testing costs will depend on the size and design of the building and are the applicant's responsibility. For inspection information please contact: The Arkansas Department of Environmental Quality.
- Sign a waiver releasing and holding harmless the Division of Rural Services, the Arkansas Economic Development Commission and all employees of the two agencies of any liability, claims, judgments or action whatsoever as a result of allowing grant funds to be used in the renovation of a building containing asbestos.
- Establish adequate justification that the cost and time associated with renovating a building containing asbestos is more cost effective than renovating a building that does not contain asbestos or new construction. This justification must be provided as part of the application.

Ineligible Projects:

- Municipal buildings (courthouses, city halls, police stations, sheriff's offices, and city or county jails), any general operation of city government;
- Chatting or paving of driveways and parking lots;
- Costs associated with normal day-to-day operations, maintenance, or salaries;
- Debt financing of any kind (new or existing);
- County health units, schools, water projects, emergency shelters, libraries;
- Private, non-profit associations.

Funding Availability

Rural Services is expecting around \$1,000,000.00 in FY21 for distribution under the Rural Services Block Grant Program. Applicants with an eligible project may apply for up to \$75,000 in state

matching funds toward a project for community development or fire protection projects. As the grant pool is limited, it may sometimes be necessary to make awards of less than the amount actually requested and some projects unfortunately cannot be funded at all.

The Rural Services Block Grant Program is a 90/10 matching program. This requires that the applicant must be able to provide ten percent (10%) of its grant award with cash and/or property in-kind (fair market value, based on verifiable documentation provided by the applicant).

For purposes of this program, a match is defined as a combination of donated labor, donated land, donated materials, or cash to comprise at least 10% of the cost estimate provided by the community. Materials or labor not listed on the cost estimate of the application cannot be used as match. Local donations are defined as gifts given by local residents or locally based businesses for the purposes of the projects outlined in the applicant's grant proposal.

The match must be derived locally and can be:

- Appropriated in full by the local governing body (city council or quorum court).
- Donated by local businesses and citizens.
- Money raised through fund-raisers.
- A combination of local appropriation, citizen or business donations, or fundraisers.

All matching funds must be pledged at the time of application submission and be immediately available if an award is received. Donated labor cannot count as match if it is executed before the grant is awarded. Debt financing of any nature cannot be used for matching purposes. Act 833 money for fire departments is eligible as match.

It is important to note that the local match does not have to be entirely in cash. In-kind donations of project equipment, labor, land, and materials will be accepted based on fair market value estimates provided by the applicant and verified by DRS staff. For land, buildings, and donated labor to be eligible as match, they must be part of the project and must be included in the cost estimate of the project.

Current Allowable Expenses for Donated Labor

If a community chooses to use donated labor or services for all or a portion of the grant match, it must be submitted in one of two ways. First, if the labor donated is unskilled, volunteer labor; DRS will bill at \$24.69 for each individual hour donated. Simply put, if four people donate one hour each to the project, \$98.76 ($\$24.69 \times 4 = \98.76) can be claimed toward the community's portion of the match. Secondly, if the labor donated is skilled, professional labor, DRS will accept the estimate given by the company or individual. For this to be accepted, a donor must be licensed or considered a professional in the field where the donation is being made. This professional labor donation can include, but is not limited to, dozer/dirt work, electrical, plumbing, carpentry, welding, and etc.

Administrative Costs

Each community that receives the Rural Services Block Grant is responsible for the administration of the grant. The recipient should work with their local Planning and Development District or hire an outside consultant to complete the application and administer the grant. The fee that the consultant charges can be included in the community's request (this may be done as long as the total request does not exceed the amount for which a community is allowed to apply). The community may use other available funds to pay the administrative fee charged by the consultant. The fee will be a minimum of

\$2,000 with a maximum of 15% of the grant (combination of any and all administrative costs). The administrative consultant must be trained and approved by the Arkansas Economic Development Commission.

Application Process

The Rural Services Block Grant application process requires that communities hold a public hearing and submit an application to be considered for grant funds. The process is as follows:

Public Hearing Requirement

Prior to application submission, applicants will need to hold a public hearing to document the need for the project. All public hearings should be publicized in the appropriate local media at least 7 calendar days before they are to be held, and the hearing should be conducted no later than 2 weeks prior to the application deadline. If the community does not have a local newspaper, the community should post the “RSGBP-1: Notice of Public Hearing” flyer in at least 5 locations around town, 7 days prior to the public hearing.

Application Submission

Applicants must submit one original application and one complete copy of the application to the Division of Rural Services by the application deadline. Applications will be reviewed by the Division of Rural Services for completeness and the Rural Services Block Grant Review Committee will review eligibility and all complete and eligible applications. The grant review committee will formulate funding recommendations, which will be reviewed and approved by the full ARDC and the grants division of the Arkansas Economic Development Commission.

Selected Applications

Applications recommended for funding by AEDC's Division of Rural Services will be notified in writing and will work with AEDC's Grants Division throughout the remainder of the project. It is imperative that selected communities wait for instructions from AEDC before beginning any part of their project.

This funding source is subject to many State and Federal rules and regulations, which, if not complied with, could jeopardize your funding. These include, but are not limited to, the National Environmental Policy Act (environmental review requirements) and Davis-Bacon and Related Acts (federal prevailing wage requirements).

Successful applicants must first sign a grant agreement before any work is started or any purchases are made. Selected communities run the risk of forfeiting their grant award for work done or purchases made toward their project before a grant agreement is executed. Please call 1-888-RURALAR if you have any questions.

Unsuccessful Applications

Applications not recommended for funding by the Division of Rural Services will be notified in writing and will be encouraged to schedule a conference with the Rural Services Block Grant Coordinator to discuss deficiencies and areas requiring or needing improvement if it is the applicants desire to apply the following year.

Instructions for Project Budget

Instructions for Completion of Proposed RSBGP Project Budget

Although some costs may not be definite at the time of budget preparation, it is important that the Proposed Rural Services Block Grant Application Budget contains comprehensive, up-to-date cost estimates. These estimates can then be used to negotiate final budget amounts.

Project Information

Enter the name of the City or County as Applicant. If known, enter the Control Number assigned to the project by DRS. Enter a unique name for the Project Name. Enter the Project Type e.g. Community Development or Fire Protection.

Cost Classifications

-Engineering/Architectural

If Rural Services Block Grant funds are requested for professional design services, the following fee scales must be utilized. If needed, these fee schedules may be requested from the AEDC at 501-682-1211.

- *Engineering costs* must be in accordance with the USDA-Rural Development engineering service fee schedule.
- *Architectural costs* must be in accordance with the State Building Services fee schedule.

Detailed explanation and justification, including calculation of cost, must be provided for any additional architectural services requested. Usually, no additional services will be approved.

-Construction

Local cash contributions to the project must be the first construction dollars spent and will be incorporated as a requirement in any grant agreement executed by the applicant and AEDC.

-Contingency

A construction contingency not to exceed 5% of the estimated construction cost is allowed. However, design service fees are determined by estimated construction costs without contingencies.

-Other

Any funds requested for "Other" must include a discussion of the requested service, including justification and cost calculations. This line item is intended to be used for other costs, such as: fees, permits, testing, etc.

-Acquisition

All acquisition costs must be accompanied by a brief discussion of each service to be provided and justification of the necessity of the services, including cost estimates. Each acquisition cost must indicate the unit rate and estimated number of units.

-Legal

No Rural Services Block Grant funds shall be used for Legal Services except for condemnation.

-Equipment

List the total for equipment purchases proposed for the project. Attach an itemized list of the equipment to be purchased along with cost estimates for each piece of equipment.

-Administrative Fee

The cost to pay a professional consultant to administrator if the grant is funded. The fee is optional. If a community chooses to administer the grant themselves, there will be no administrative fee paid. If a community chooses to hire a consultant, then estimate the fee close to \$7,500.00. If the grant is selected for funding, the Arkansas Economic Development Commission will calculate the exact fee and changes will be made to the grant budget to reflect this. Whether the community administers the grant themselves or hires a consultant, the administrator must be approved by AEDC.

-Cross Reference

The final column in the Proposed Rural Services Block Grant Budget is the Cross Reference column. Each line item of the budget should be cross referenced to the cost estimate documentation contained in Appendix A. (See Rural Services Block Grant Application Proposal Outline Appendix A instructions for reference numbers.)

Four Factor Analysis & Language Assistance Plan

**FOUR FACTOR ANALYSIS
ASSESSING
LIMITED ENGLISH PROFICIENCY
AND
LANGUAGE ASSISTANCE PLAN**

PREPARED BY

[LOCAL GOVERNMENT]

FOR

THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

A. POLICY STATEMENT

It is the policy of the **[LOCAL GOVERNMENT]** to take reasonable steps to provide meaningful access to its programs and activities for persons with Limited English Proficiency (LEP). The **[LOCAL GOVERNMENT]**'s policy is to ensure that staff will communicate effectively with LEP individuals, and LEP individuals will have access to important programs and information. **[LOCAL GOVERNMENT]** is committed to complying with federal requirements in providing free meaningful access to its programs and activities for LEP persons.

B. HISTORY

Title VI of the Civil Rights Act of 1964 is the federal law which protects individuals from discrimination on the basis of their race, color, or national origin in programs that receive federal financial assistance. In certain situations, failure to ensure that persons who have Limited English Proficiency can effectively participate in, or benefit from, federally assisted programs may violate Title VI's prohibition against national origin discrimination.

Persons who, as a result of national origin, do not speak English as their primary language and who have limited ability to speak, read, write, or understand English may be entitled to language assistance under Title VI in order to receive a particular service, benefit, or encounter.

On August 11, 2000, Executive Order 13166, titled, "Improving Access to Services by Persons with Limited English Proficiency," was issued. Executive Order 13166 requires federal agencies to assess and address the needs of otherwise eligible persons seeking access to federally conducted programs and activities who, due to LEP cannot fully and equally participate in or benefit from those programs and

activities. Section 2 of the Executive Order 13166 directs each federal department or agency "to prepare a plan to improve access to...federally conducted programs and activities by eligible LEP persons...."

C. DEFINITIONS

Beneficiary: The ultimate consumer of HUD programs and receives benefits from a HUD Recipient or Sub-recipient.

Limited English Proficient Person (LEP): Individuals who do not speak English as their primary language and who have a limited ability to read, write, speak, or understand English because of national origin.

Language Assistance Plan (LAP): A written implementation plan that addresses identified needs of the LEP persons served.

Recipient: Any political subdivision of the State of Arkansas, or an eligible nonprofit organization, to whom Federal financial assistance is extended for any program or activity, or who otherwise participates in carrying out such program or activity, including any successor, assign or transferee thereof, but such term does not include any Beneficiary under any such program.

Sub-recipient: Any public or private agency, institution, organization, or other entity to whom Federal financial assistance is extended, through another Recipient, for any program or activity, or who otherwise participates in carrying out such program or activity but such term does not include any Beneficiary under any such program.

Vital Document: Any document that is critical for ensuring meaningful access to the Recipient's major activities and programs by Beneficiaries generally and LEP persons specifically.

FRAMEWORK & METHODOLOGY

This Four Factor Analysis is the first step in providing meaningful access to federally funded programs for LEP persons. The Four Factor Analysis completed by [LOCAL GOVERNMENT] addresses the following:

1. The number or proportion of LEP persons eligible to be serviced or likely to be encountered by [LOCAL GOVERNMENT];

The nature and importance of the [LOCAL GOVERNMENT] program or activity provided to the individual's life; and

2. The frequency with which LEP persons using a particular language come in contact with [LOCAL GOVERNMENT];
3. The nature and importance of the [LOCAL GOVERNMENT] program or activity provided to the individual's life; and
4. The resources available to [LOCAL GOVERNMENT], and costs associated with providing LEP services.

D. FOUR FACTOR ANALYSIS

1. **The number or proportion of LEP persons eligible to be served or likely to be encountered by [LOCAL GOVERNMENT].**
[Response to Item #1]

2. **The frequency with which LEP persons using a particular language come in contact with [LOCAL GOVERNMENT].**
[Response to Item #2]
3. **The nature and importance of the [LOCAL GOVERNMENT] program or activity provided to the individual's life.**
[Response to Item #3]
4. **The resources available to [LOCAL GOVERNMENT], and costs associated providing LEP services.**
[Response to Item #4]

As a result of the Four Factor Analysis, [LOCAL GOVERNMENT] has determined a Language Assistance Plan is needed: YES NO

LANGUAGE ASSISTANCE PLAN [OPTIONAL]

As a result of the preceding Four Factor Analysis, [LOCAL GOVERNMENT] has developed a Language Assistance Plan. The Language Assistance Plan addresses the identified needs of the LEP persons [LOCAL GOVERNMENT] serves, the process by which [LOCAL GOVERNMENT] will monitor and update the LAP.

[LOCAL GOVERNMENT] understands that the actions [LOCAL GOVERNMENT] is expected to take to meet its LEP obligations depend upon the results of the Four Factor Analysis including the services [LOCAL GOVERNMENT] offers, [LOCAL GOVERNMENT]'s service area, the resources [LOCAL GOVERNMENT] possesses, and the costs of various language service options. However, [LOCAL GOVERNMENT] is to take reasonable steps to ensure meaningful access to LEP persons. The meaningful access is based upon a reasonableness standard that is both flexible and fact-dependent.

1. **The procedures [LOCAL GOVERNMENT] will use to identify LEP persons with whom [LOCAL GOVERNMENT] has contact, the size of LEP populations, and the languages of LEP populations.**
[Response to Item #1]
2. **Points and types of contact [LOCAL GOVERNMENT] may have with LEP persons.**
[Response to Item #2]
3. **Ways in which language assistance will be provided by [LOCAL GOVERNMENT], and the plan for outreach to LEP populations.**
[Response to Item #3]
4. **[LOCAL GOVERNMENT]'s plan for training staff members on LEP guidance and the LAP, including specific provisions for training staff that are responsible for monitoring Recipients of HUD funding.**
[Response to Item #4]
5. **A list of Vital Documents to be translated, the languages into which they will be translated and the timetable for translations.**
[Response to Item #5]

6. [LOCAL GOVERNMENT]'s plan for translating informational materials that detail services and activities provided to Beneficiaries and [LOCAL GOVERNMENT]'s plan for providing appropriately translated notices to LEP persons.

[Response to Item #6]

7. [LOCAL GOVERNMENT]'s plan for providing interpreters for large, medium, small and one-on-one meetings.

[Response to Item #7]

8. [LOCAL GOVERNMENT]'s plan for developing community resources, partnerships, and other relationships to help with the provision of language services.

[Response to Item #8]

9. [LOCAL GOVERNMENT]'s plan for monitoring and updating the LAP.

[Response to Item #9]
